

(1) Conduct a well test at least once every 2 months unless the Regional Supervisor approved a different frequency;

(2) Follow the well test procedures in § 250.173; and

(3) Retain the well test data at the field location for 2 years.

§ 250.185 Site Security.

(a) *What are the requirements for site security?* Lessees must:

(1) Protect Federal production against production loss or theft;

(2) Post a sign at each storage tank that MMS uses to determine royalty. The sign must contain the name of the facility operator, the size of the tank, and the tank number;

(3) Not bypass MMS-approved liquid hydrocarbon royalty meters and tanks; and

(4) Report the following to the Regional Supervisor as soon as possible, but no later than the next business day after discovery:

(i) Theft or mishandling of production;

(ii) Tampering or bypassing of meter or prover devices; and

(iii) Falsifying production measurements.

(b) *What are the requirements for using seals?* Lessees must:

(1) Seal the following components of liquid hydrocarbon royalty installations to ensure that tampering cannot occur without destroying the seal:

(i) Meter stack component connections from the base of the stack to the register;

(ii) Sampling systems including packing device, fittings, chains, sight glass, and container lid;

(iii) Temperature and gravity compensation device components;

(iv) All valves on lines leaving an oil storage tank including load-out line valves, drain-line valves, and connection-line valves between royalty and non-royalty tanks; and

(v) Any additional components required by the Regional Supervisor.

(2) Number and track the seals and keep the record at the field location for 2 years; and

(3) Make the record of seals available for MMS inspection.

§ 250.186 Measuring gas lost or used on a lease.

What are the requirements for measuring gas lost or used on a lease?

(a) Lessees must either measure or estimate the volume as required by the Regional Supervisor.

(b) If the Regional Supervisor requires you to measure the volume, document the measurement equipment used and include the volume measured.

(c) If the Regional Supervisor requires you to estimate the volume, document the estimating method and the data used and include the volume estimated.

(d) Lessees must keep the volume estimates and documentation at the field location for 2 years.

(e) If the Regional Supervisor requests, lessees must provide copies of the records.

BILLING CODE 4310-MR-M

ENVIRONMENTAL PROTECTION AGENCY

40 CFR Part 52

[WA50-7123b; FRL-5692-9]

Approval and Promulgation of State Implementation Plans: Washington

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule.

SUMMARY: The Environmental Protection Agency (EPA) is approving in part, and disapproving in part, and taking no action in part on the Regulations of the Southwest Air Pollution Control Authority (SWAPCA) for the control of air pollution in Clark, Cowlitz, Lewis, Skamania and Wahkiakum Counties, Washington, as revisions to the Washington State Implementation Plan (SIP). These revisions pertain to General Regulations for Air Pollution Sources administered by SWAPCA. In the final rules section of this Federal Register, the EPA is approving the State's SIP revision as a direct final rule without prior proposal because the Agency views this as a noncontroversial revision amendment and anticipates no adverse comments. A detailed rationale for the approval is set forth in the direct final rule. If no adverse comments are received in response to this proposed rule, no further activity is contemplated in relation to this rule. If the EPA receives adverse comments, the direct final rule will be withdrawn and all public comments received will be addressed in a subsequent final rule based on this proposed rule. The EPA will not institute a second comment period on this action.

DATES: Comments on this proposed rule must be received in writing by March 28, 1997.

ADDRESSES: Written comments should be addressed to Montel Livingston, Environmental Protection Specialist (OAQ-107), Office of Air Quality, at the EPA Regional Office listed below. Copies of the documents relevant to this

proposed rule are available for public inspection during normal business hours at the following locations. The interested persons wanting to examine these documents should make an appointment with the appropriate office at least 24 hours before the visiting day.

Environmental Protection Agency, Region 10, Office of Air Quality, 1200 6th Avenue, Seattle, WA 98101.

Washington State Department of Ecology, P.O. Box 47600, PV-11, Olympia, WA, 98504-7600.

FOR FURTHER INFORMATION CONTACT:

Wayne Elson, Office of Air Quality (OAQ-107), EPA, 1200 6th Avenue, Seattle, WA 98101, (206) 553-1463.

SUPPLEMENTARY INFORMATION: See the information provided in the Direct Final action which is located in the rules section of this Federal Register.

Dated: February 14, 1997.

Charles Findley,

Acting Regional Administrator.

BILLING CODE 6560-50-P

FEDERAL COMMUNICATIONS COMMISSION

47 CFR Parts 52 and 64

[CC Docket No. 92-105; FCC 97-51]

The Use of N11 Codes and Other Abbreviated Dialing Arrangements

AGENCY: Federal Communications Commission.

ACTION: Proposed Rule.

SUMMARY: On February 19, 1997, the Commission released a Further Notice of Proposed Rulemaking (FNPRM) addressing N11 codes. The FNPRM is intended to obtain comment on the technical feasibility of implementing 711 for access to telecommunications relay services (TRS) and on several other issues related to N11 code administration.

DATES: Comments must be filed on or before March 31, 1997, and reply comments must be filed on or before April 30, 1997.

ADDRESSES: Federal Communications Commission, 1919 M Street, N.W., Washington, DC 20554.

FOR FURTHER INFORMATION CONTACT:

Elizabeth Nightingale, Attorney, Network Services Division, Common Carrier Bureau, (202) 418-2352.

SUPPLEMENTARY INFORMATION: This summarizes the Commission's Further Notice of Proposed Rulemaking in the matter of The Use of N11 Codes and Other Abbreviated Dialing
